

Information Communication Technology (ICT)

Huber Dixon Insurance Services Ltd is an independent insurance broker with access to all markets. We specialise in providing impartial advice on all aspects of your insurance requirements and would be happy to review your current arrangements and future needs.

Please contact us on 0845 430 5430 or email ict@huberdixon.com for more information or to arrange an appointment.

Introduction

The Information Communication Technology (ICT) industry is constantly changing. With new products and developing risks set against a backdrop of increasing customer expectations and severe time pressures.

We work with a number of insurers who specialise and tailor make products in this fast moving sector. Their industry knowledge means that their products are constantly up-dated as changes occur.

Key Covers

There are a number of different covers which can be provided in packaged solutions under the following headings;
